

Glenwood are exceptional in their care, compassion and within all aspects of the learning environment. Over the short time Tom has been attending this year he has grown tremendously over every aspect.

Glenwood School is a very unique place and very glad Ruby attends here. The staff are the core on why it's such a great school – for parents of a non-verbal severely affected child, I feel absolute trust in how Ruby is cared for and that she is understood. That is a huge thing to achieve when I know how tricky trusting people is and also how much it takes to care for her – absolute praise well earned.

Continue to do what you've always done for the young learners and do not let it change with the future change of location. We love  Glenwood! X

We count our lucky stars every day that our daughter was accepted as a student at Glenwood. We cannot praise or recommend the school highly enough.

The three ticks (against strongly agree) mean am SO in agreement. Glenwood is fantastic. NOTHING bad at all...my child is so happy which makes me and my husband happy.

Keep up the fantastic work you all do at Glenwood. We really do appreciate it.

Brilliant School and staff.

Evie is always happy to go.

I feel confident she is in good hands and her needs are being met.

Excellent in every way. Albie has really transformed in so many ways. Very happy with his progression.

Glenwood is an outstanding school. It has been a pleasure to be a parent here in the last 16 years.

Matt is very settled. Thanks to staff efforts he loves school and has brilliant relationships. He enjoys going and his learning is part of that. Thank you.

Glenwood couldn't do enough for Danny! He has changed/improved beyond recognition since he started! A fantastic school. I do not know what we would do without it.

Glenwood goes the extra mile to ensure that parents are ok and they also support the parents as well as the child.

I have found the staff very helpful when I have concerns. They have gone out of their way to provide assistance in medical matters.

We have always been very happy with Glenwood, Reggie is always settled and happy...hoping for my son Alf to join the Post-16 in Sept.

Joe appears to be really enjoying his time at Seevic college and we feel it is also supporting his transition from Glenwood in a years time. He always leaves on his bus with a big smile! Big thank you as always to the patient and hardworking staff.

Just a big thankyou to everyone at Glenwood School. You all do a fabulous job.

Fabulous school, great staff, no issues more than happy to share views

As Glenwood achieves ahead of my expectations, all I want to say is stay as they are 😊.

We honestly couldn't be happier with Glenwood. Freddy is making fantastic progress and we are always fully involved.

Amelie has spent many happy years at Glenwood and continues to do so. She really would go to school every day if she could!

Glenwood has exceeded any expectations that we may have had. Our children are very happy and want to go to school. Both teachers have encouraged beyond the 'plan' that was in place and both our children have developed beyond anything we dared to anticipate. Any problems we have had (medical etc.) have been dealt with very quickly, thank you.

All the staff at Glenwood are fantastic. Very approachable if you have any concerns. We are happy that our son receives great care and support every day.

We are so pleased we chose Glenwood for Oliver. It's such a weight off our minds to know he is safe, extremely happy and progressing to the best of his ability.

Glenwood is a fantastic school; we couldn't ask for more for our child.

Glenwood, is in my opinion excellent for children with all kinds of disabilities. I am extremely impressed how the staff work with the children and the love and care they give to each child. My child in class 2 has the best care possible and staff go above and beyond in helping her reach her targets and I highly recommend the school to other parents and carers, so proud to be part of Glenwood.

I cannot say enough how far Harvey has come since attending Glenwood. I am very positive now about his future thanks to the staff and school.

Conor has made good progress and I am very happy. I have a positive relationship with the staff.

Excellent school. Very happy.

Best choice to send our son to the school...has come on so much since starting in 2013.

---

The only concern we have is that we don't know how Dominik is doing on a daily basis at school. We do have meetings to discuss his progress but twice a year is not enough for us. As you know Dominik

is not able to say how was his day and how he is getting on at school. Our knowledge is based on what we hear from the school which is not enough for us. It would be useful if we could have some kind of mini report.

I really don't know how well Sean is learning in a class with different levels of abilities if there are group lessons as his concentration is so limited. Not sure what he does in any detail or how well he relates to the class. He does seem happy and well settled. I know the teaching is very good but also that's Sean's concentration is a challenge especially in group lessons. His progress is also affected a lot by hi tummy issues which haven't been great lately.

Areas of improvement would be information about the childs day and overall progress and more opportunity to interact/share experiences and ideas.

We would like a personal note every day – preferably with pictures as ..is unable to tell us what she has done.

There have been a bit less updates than there was last year and less and briefer personal reports weekly.
