Dear Parents/Carers

A big thank you to parents/carers for completing our 2021 Survey. We are greatly encouraged because there has been an increase in the number of responses compared to the last survey taken. We are particularly impressed that so many have thought it valuable to take part in despite very busy lives; especially considering the two years we have just endured.

The comments received are so helpful both in letting us know where we are doing well but also where we can make improvements.

The results are as follows:

We have read through each comment very carefully to consider to individual concerns and each one is greatly valued; the majority of comments relating to making an improvement were based on communication about the school day and knowing more about learner's experiences at school:

Whilst some parents are extremely happy with communication about their young person others felt this is a challenge. It is not possible for some young people to communicate their experiences of school and learning and parents/ carers love to hear more about their young person from the teacher. Over lock-down we moved away from passing back and forth a paper communications book, for obvious reasons, towards using phone calls, class emails and a weekly electronic newsletter from each class. We did receive some very positive feedback about communication but we are committed to all our families in relation to working in partnership and so we will be consulting with parents further about how to make communication with parents/ carers great for all whilst making it manageable and realistic for our teachers to maintain.

Yours sincerely

Elizabeth Cornish
