

Parent/Carer Survey March 2017

Thank you to those 77 parents/carers who completed the March 2017 questionnaire, we really appreciate your responses as they help us to know what you think and to improve even further. Over half of the responses were accompanied by an additional written comment; we were motivated by such warm encouragement and we will consider suggestions carefully.

We are pleased that your responses back-up our self-evaluation in terms of:

- Knowing and valuing each learner as a unique individual
- Providing a school where learners are happy and where they thrive
- Working with parents/carers in a true partnership

Where suggestions have been made, they link relate to our Improvement Plan in terms of:

- Sharing shorter term targets that we can work on together
- Finding further exciting but manageable ways of continuing learning in the home
- Using our new building to provide more opportunities for meeting with you
