

Simon says - ideas for the game

- print out the picture cards and mount them on cardboard. (cereal boxes/packaging)
- choose a person to be Simon...
- if *you* are giving the different instructions hold up the card at eye level as you speak.
- if you feel your young person is able to understand the rule of the game that they can only do the action if it is prefaced with the phrase 'Simon says...' then you could play the game as it would normally be played.
- Alternatively you could pick someone to take on the role of Simon and ask them to choose a card from the selection and give instructions to their siblings/demonstrate to the group.
- You could work on your young persons listening skills by asking them to do several instructions.
- Can they touch their nose and hop at the same time?
- Can they rub their tummy and pat their heat at the same time ?
- Add your own ideas to the game..perhaps .some fun actions or combinations of actions - have fun!!
- Involve other siblings and parents.....

Simon says

Simon says

touch your nose

clap your hands

touch your ears

pat your head

close your eyes

dance

thumbs up

give a high five

hop

sit down

click your fingers

thumbs down

sing a song

rub your tummy

rub your tummy and pat your head

hands over eyes

jog on the spot

touch your shoulders

wiggle your fingers and toes
